Part 1 General Provisions

Chapter 1	General Rules.....	3
Section 1	General Rules.....	3
1-1-1	Scope.....	3
1-1-2	Definitions.....	3
1-1-3	Check of Design Documents.....	8
1-1-4	Submission of Itemized Breakdown of Contract Prices and Project Schedule.....	8
1-1-5	Project Execution Plan.....	8
1-1-6	Preparation and Registration of Project Records Data.....	9
1-1-7	Supervisor.....	9
1-1-8	Use of Working Area.....	9
1-1-9	Start of Project.....	10
1-1-10	Subcontract of Project.....	10
1-1-11	Preparation of Subcontract Work Execution Logbook.....	10
1-1-12	Preparation of Project Organization Chart.....	10
1-1-13	Confirmation of the Contractor's Engineers.....	11
1-1-14	Cooperation among Contractors Concerned.....	11
1-1-15	Investigation and Testing.....	11
1-1-16	Suspension of the Project.....	12
1-1-17	Amendment to Design Documents.....	13
1-1-18	Change of Contract Period.....	13
1-1-19	Materials and Leased Properties Supplied by the Owner.....	13
1-1-20	Products Generated at the Project Site.....	14
1-1-21	Quality of Materials.....	14
1-1-22	Inspection and Witness by Supervisor.....	14
1-1-23	As-built Drawing.....	15
1-1-24	Inspection at Project Completion.....	15
1-1-25	Inspection and Payment at Partial Completion.....	16
1-1-26	Technical Inspection.....	16
1-1-27	Use of Partially Completed Facility.....	17
1-1-28	Progress Report.....	17
1-1-29	Owner's Request for Measures to the Contractor.....	17
1-1-30	Conservation of Cultural Properties.....	17
1-1-31	Compliance with Laws and Regulations.....	17
1-1-32	Procedures for Public Offices.....	19
1-1-33	Explanations to Third Parties.....	20
1-1-34	Change of Work Days and Hours.....	20

1-1-35	Surveying.....	20
1-1-36	Documents for Submission.....	21
1-1-37	Loss and Damage.....	21
1-1-38	Copyright to Contract Object.....	21
1-1-39	Insurance and Compensation for Accidents.....	22
1-1-40	Expedient Measures.....	22
1-1-41	Post-contract Value Engineering (VE) Method.....	22
Section 2	Project Management.....	23
1-2-1	Scope.....	23
1-2-2	Site Management.....	23
1-2-3	Principal Engineer (Contractor's Administrative Engineer).....	25
1-2-4	Diver.....	25
1-2-5	Commander of a Fleet of Floating Cranes.....	25
1-2-6	Project Schedule Management.....	25
1-2-7	Quality Control.....	25
1-2-8	Shape Size Control.....	26
1-2-9	Photograph Records Management.....	26
1-2-10	Environmental Conservation.....	27
1-2-11	Project by-products.....	28
1-2-12	Originality and Ingenuity.....	29
1-2-13	Survey and Research.....	29
Section 3	Safety Management.....	30
1-3-1	Scope.....	30
1-3-2	Response to Unusual Situations.....	31
1-3-3	Safety Education and Training.....	31
1-3-4	Contact System at the Project Site.....	31
1-3-5	Use of Explosives and Prevention of Fire.....	31
1-3-6	Reporting Accidents and Disasters.....	32
Chapter 2	Materials.....	33
Section 1	Scope.....	33
Section 2	Soil.....	33
2-2-1	General.....	33
Section 3	Sand and Stone.....	33
2-3-1	General.....	33
2-3-2	Sand.....	33
2-3-3	Gravel and Crushed Stone.....	34
2-3-4	Rubble.....	34
Section 4	Aggregate.....	35
2-4-1	General.....	35
2-4-2	Aggregate for Cement Concrete.....	35
2-4-3	Base Course Material.....	37
2-4-4	Aggregate for Asphalt Concrete.....	37

2-4-5	Filler.....	38
2-4-6	Stabilized Base Course Material.....	39
Section 5	Timber.....	39
2-5-1	General.....	39
Section 6	Steel Material.....	39
2-6-1	General.....	39
2-6-2	Steel Sheet Pile and Steel Pile.....	39
2-6-3	Steel Plates and Shaped Steel.....	39
2-6-4	Steel Bars.....	39
2-6-5	Anchorage.....	40
2-6-6	Steel for Concrete Pavement.....	41
Section 7	Cement and Admixture.....	41
2-7-1	Cement.....	41
2-7-2	Admixture.....	41
2-7-3	Water for Concrete.....	42
Section 8	Precast Concrete Product.....	42
2-8-1	General.....	42
Section 9	Bituminous Material.....	42
2-9-1	Asphalt for Pavement.....	42
2-9-2	Prime Coat and Tack Coat.....	43
Section 10	Sodding and Tree.....	43
2-10-1	General.....	43
2-10-2	Lawn Grass and Seeds.....	43
2-10-3	Trees.....	43
Section 11	Joint Filler.....	43
2-11-1	Joint Filler.....	43
2-11-2	Joint Filler for Concrete Pavement.....	43
Section 12	Corrosion Protection Material.....	44
2-12-1	Aluminum Alloy Anode.....	44
2-12-2	Protective Coating.....	44
2-12-3	Anti-corrosive Coating Material.....	44
Section 13	Fender.....	44
2-13-1	Rubber Fender.....	44
Section 14	Bitt and Bollard.....	45
2-14-1	Bitt and Bollard.....	45
Section 15	Curbs and, Corner Plates.....	46
2-15-1	Curbs and, Corner Plates.....	46

Section 16	Mat	46
2-16-1	Asphalt Mat.....	46
2-16-2	Textile Mat.....	46
2-16-3	Synthetic Resin Mat.....	47
2-16-4	Rubber Mat.....	47
Section 17	Concrete	47
2-17-1	General.....	47
2-17-2	Ready-mixed Concrete.....	47
2-17-3	Floating Concrete Mixing Plant.....	47
2-17-4	Site Mixed Concrete.....	48
2-17-5	Hot Weather Concrete.....	48
2-17-6	Cold Weather Concrete.....	48
2-17-7	Underwater Concrete.....	49
2-17-8	Bagged Concrete.....	49
2-17-9	Anti-washout Underwater Concrete.....	49
2-17-10	Prepacked Concrete.....	50
2-17-11	Concrete Pavement.....	50
Section 18	Asphalt Concrete	51
2-18-1	Asphalt Pavement.....	51
Section 19	Others	52
2-19-1	Paper Drain.....	52
2-19-2	Underlay Paper.....	52
2-19-3	Sand Retaining Joint Cover (Backfill and Soil Filling).....	52
2-19-4	Road Marking.....	52
2-19-5	Road Sign.....	52
2-19-6	Guard Fence.....	53
2-19-7	Welding Materials.....	54
2-19-8	Gas Cutting.....	54
2-19-9	Silt Fence.....	54
Chapter 3	Common Temporary Works	55
Section 1	Scope	55
Section 2	Installation of Silt Fence	55
3-2-1	General.....	55
3-2-2	Silt Fence for Protecting Water Quality.....	55
Chapter 4	Plain Concrete and Reinforced Concrete	56
Section 1	Scope	56
Section 2	Applicable Standards	56
Section 3	Ready-mixed Concrete	57
4-3-1	General.....	57
4-3-2	Selection of Concrete Plant.....	57

Section 4	Floating Concrete Mixing Plants	58
4-4-1	General.....	58
4-4-2	Section of Floating Concrete Mixing Plants.....	58
Section 5	Site Mixed Concrete	58
4-5-1	General.....	58
4-5-2	Storage of Material.....	58
4-5-3	Measurement of Materials and Mixing.....	58
Section 6	Transportation and Placement	59
4-6-1	General.....	59
4-6-2	Preparation.....	59
4-6-3	Transportation.....	60
4-6-4	Placement.....	60
4-6-5	Compaction.....	61
4-6-6	Measures against Settlement Cracking.....	61
4-6-7	Construction Joint.....	61
4-6-8	Surface Finishing.....	62
4-6-9	Curing.....	62
Section 7	Hot Weather Concreting	62
4-7-1	General.....	62
4-7-2	Placement.....	62
4-7-3	Curing.....	63
Section 8	Cold Weather Concreting	63
4-8-1	General.....	63
4-8-2	Placement.....	63
4-8-3	Curing.....	63
Section 9	Quality Control of Concrete	64
4-9-1	General.....	64
4-9-2	Test Method.....	64
Section 10	Reinforcement by Steel Bars	65
4-10-1	General.....	65
4-10-2	Storage.....	65
4-10-3	Fabrication.....	66
4-10-4	Assembly.....	66
4-10-5	Joints.....	66
Section 11	Formwork and Shoring	67
4-11-1	General.....	67
4-11-2	Structure.....	67
4-11-3	Assembly.....	67
4-11-4	Removal of Formwork and Shoring.....	67

Section 12 Underwater Concreting	67
4-12-1 General.....	67
4-12-2 Placement.....	68
4-12-3 Quality Control.....	69
Section 13 Bagged Concreting	69
4-13-1 General.....	69
4-13-2 Placement.....	69
Section 14 Anti-washout Underwater Concreting	69
4-14-1 General.....	69
4-14-2 Storage of Material.....	69
4-14-3 Production of Concrete.....	69
4-14-4 Transportation and Placement.....	70
4-14-5 Quality Control.....	71
Section 15 Prepacked Concreting	72
4-15-1 General.....	72
4-15-2 Mixing and Placing Equipment.....	72
4-15-3 Construction.....	72
4-15-4 Quality Control.....	73
Chapter 5 Implementation of General Works	74
Section 1 Scope	74
Section 2 Applicable Standards	74
Section 3 Common Works	74
5-3-1 General.....	74
5-3-2 Common Items.....	74
5-3-3 Works for Sand Discharging Pipe.....	79
5-3-4 Hopper Barging Work.....	79
5-3-5 Dredged Soil Unloading Work.....	79
5-3-6 Consolidation and Drainage Work.....	80
5-3-7 Compaction Work.....	81
5-3-8 Chemical Stabilization Work.....	82
5-3-9 Scouring Prevention Work.....	84
5-3-10 Filling Work.....	85
5-3-11 Capping Concrete Work.....	85
5-3-12 Capping Block Work.....	85
5-3-13 Steel Sheet Pile Work.....	86
5-3-14 Anchorage Work.....	87
5-3-15 Steel Pile Work.....	89
5-3-16 Concrete Pile Work.....	90
5-3-17 Corrosion Protection.....	90
5-3-18 Subgrade Work.....	91
5-3-19 Concrete Pavement Work.....	91
5-3-20 Asphalt Pavement Work.....	94

5-3-21	Sod Planting Work.....	96
Section 4	Soil Dumping.....	97
5-4-1	General.....	97
5-4-2	Work for Sand Discharging Pipes.....	97
5-4-3	Hopper Barging Work.....	98
5-4-4	Dredged Soil Haulage and Unloading.....	98
Section 5	Marine Ground Improvement Work.....	98
5-5-1	General.....	98
5-5-2	Excavation Work for Foundation.....	98
5-5-3	Work for Soil Discharging Pipes.....	99
5-5-4	Hopper Barging Work.....	99
5-5-5	Dredged Soil Unloading Work.....	99
5-5-6	Replacement Work.....	99
5-5-7	Consolidation and Drainage Work.....	100
5-5-8	Compaction Work.....	100
5-5-9	Chemical Stabilization Work.....	100
Section 6	Foundation Work.....	100
5-6-1	General.....	100
5-6-2	Sand Placing Work for Foundation.....	100
5-6-3	Scouring Prevention Work.....	100
5-6-4	Rubble Mound Work for Foundation.....	100
5-6-5	Bagged Concreting Work.....	101
5-6-6	Block Work for Foundation.....	101
5-6-7	Underwater Concreting Work.....	101
5-6-8	Anti-washout Underwater Concreting Work.....	101
Section 7	Main Work (Caisson Type).....	101
5-7-1	General.....	101
5-7-2	Caisson Manufacturing Work.....	101
5-7-3	Launching and Installation Work of Caisson.....	102
5-7-4	Filling Work.....	106
5-7-5	Capping Concrete Work.....	106
5-7-6	Capping Block Work.....	106
Section 8	Main Work (Block Type).....	106
5-8-1	General.....	106
5-8-2	Manufacturing Block Work.....	106
5-8-3	Installing Block Work.....	106
5-8-4	Filling Work.....	107
5-8-5	Capping Concrete Work.....	107
5-8-6	Capping Block Work.....	107
Section 9	Main Work (In-situ Concrete Placement Type).....	107
5-9-1	General.....	107
5-9-2	In-situ Concreting Work.....	107

5-9-3	Underwater Concreting Work.....	108
5-9-4	Prepacked Concreting Work.....	108
5-9-5	Anti-washout Underwater Concreting Work.....	108
Section 10	Main Work (Rubble Stone and Rubble Block Type).....	108
5-10-1	General.....	108
5-10-2	Scouring Prevention Work.....	108
5-10-3	Rubble Stone for Main Work.....	108
5-10-4	Rubble Block Work.....	108
5-10-5	In-situ Concreting Work.....	109
Section 11	Main Work (Steel Sheet Pile Type).....	109
5-11-1	General.....	109
5-11-2	Steel Sheet Piling Work.....	109
5-11-3	Anchoring Work.....	109
Section 12	Main Work (Concrete Sheet Pile Type).....	110
5-12-1	General.....	110
5-12-2	Concrete Sheet Piling Work.....	110
5-12-3	Anchoring Work.....	110
Section 13	Main Work (Steel Pile Type).....	110
5-13-1	General.....	110
5-13-2	Steel Piling Work.....	111
Section 14	Main Work (Concrete Pile Type).....	111
5-14-1	General.....	111
5-14-2	Concrete Piling Work.....	111
Section 15	Armor Protection and Foot Protection Work.....	111
5-15-1	General.....	111
5-15-2	Armor Stone Protection Work.....	111
5-15-3	Bagged Concreting Work.....	111
5-15-4	Armor Block Protection Work.....	111
5-15-5	Foot Protection Block Work.....	112
5-15-6	Underwater Concreting Work.....	112
5-15-7	Anti-washout Underwater Concreting Work.....	112
5-15-8	Sand Mastic Work.....	113
Section 16	Superstructure Work.....	113
5-16-1	General.....	113
5-16-2	Superstructure Concreting Work.....	113
5-16-3	Superstructure Block Work.....	113
Section 17	Auxiliary Works.....	114
5-17-1	General.....	114
5-17-2	Bitt and Bollard.....	114
5-17-3	Fenders.....	118

5-17-4	Curbs and Corner Plates.....	119
5-17-5	Corrosion Control.....	120
5-17-6	Auxiliary Equipment.....	120
Section 18	Wave-dissipating Work.....	120
5-18-1	General.....	120
5-18-2	Scouring Prevention Work.....	120
5-18-3	Wave-absorbing Block Work.....	120
Section 19	Backfill and Soil Fill Work.....	121
5-19-1	General.....	121
5-19-2	Backfill Work.....	121
5-19-3	Soil Fill Work.....	121
5-19-4	Earthwork for Soil Filling.....	122
Section 20	Ground Improvement on Land.....	122
5-20-1	General.....	122
5-20-2	Consolidation and Drainage Work.....	122
5-20-3	Compaction Work.....	122
5-20-4	Chemical Stabilization Work.....	122
Section 21	Earthwork.....	122
5-21-1	General.....	122
5-21-2	Excavation Work.....	122
5-21-3	Embankment Work.....	122
5-21-4	Subgrade Embankment Work.....	123
5-21-5	Drainage Work.....	123
5-21-6	Site Clearance.....	123
5-21-7	Slope Work.....	123
Section 22	Pavement Work.....	123
5-22-1	General.....	123
5-22-2	Subgrade Work.....	124
5-22-3	Concrete Paving Work.....	124
5-22-4	Asphalt Paving Work.....	124
Section 23	Maintenance and Repair Work.....	124
5-23-1	General.....	124
5-23-2	Maintenance Painting.....	124
5-23-3	Corrosion Control.....	124
Section 24	Demolition Work.....	125
5-24-1	General.....	125
5-24-2	Demolition Work.....	125
5-24-3	Removal Work.....	125
Section 25	Temporary Work.....	126
5-25-1	General.....	126

5-25-2	Temporary Steel Sheet Piling.....	127
5-25-3	Temporary Steel Pipe Piling and Steel Pipe Sheet Pile Work.....	127
5-25-4	Temporary Road Work.....	127
Section 26	Miscellaneous Works.....	127
5-26-1	General.....	127
5-26-2	On-site Steel Welding Work.....	127
5-26-3	On-site Steel Cutting Work.....	128
5-26-4	Other Miscellaneous Works.....	128

Part 2 Port and Harbor

Chapter 1	Channel and Port Basin.....	131
Section 1	Scope.....	131
Section 2	Applicable Standards.....	131
Section 3	Dredging Work.....	131
1-3-1	General.....	131
1-3-2	Suction Dredging.....	131
1-3-3	Grab Dredging.....	131
1-3-4	Hard Soil Dredging.....	132
1-3-5	Bedrock Dredging.....	132
1-3-6	Backhoe Dredging.....	132
Section 4	Soil Dumping.....	132
Section 5	Reclamation Work.....	132
1-5-1	General.....	132
1-5-2	Spillway.....	132
1-5-3	Chemical Stabilization Work.....	133
1-5-4	Reclamation.....	133
1-5-5	Sand Discharging Pipes Operation.....	133
1-5-6	Hopper Barge Transport.....	133
1-5-7	Reclamation.....	133
1-5-8	Earthwork for Reclamation.....	134
Chapter 2	Breakwater, Sediment Control Groin, Jetty.....	135
Section 1	Scope.....	135
Section 2	Applicable Standards.....	135
Section 3	Marine Ground Improvement Work.....	135
Section 4	Foundation Work.....	135
Section 5	Concrete Caisson Work.....	135

Section 6	Concrete Block Work.....	135
Section 7	In-situ Installation Work.....	135
Section 8	Slope Protection Work.....	135
Section 9	Steel Sheet Pile Work.....	136
Section 10	Concrete Sheet Pile Work.....	136
Section 11	Steel Pile Work.....	136
Section 12	Concrete Pile Work.....	136
Section 13	Armor Protection and Foot Protection Work.....	136
Section 14	Superstructure Work.....	136
Section 15	Wave-dissipating Work.....	136
Section 16	Maintenance and Repair Work.....	136
Section 17	Demolition Work.....	136
Section 18	Miscellaneous Works.....	136
Chapter 3	Seawall.....	137
Section 1	Scope.....	137
Section 2	Applicable Standards.....	137
Section 3	Marine Ground Improvement Work.....	137
Section 4	Foundation Work.....	137
Section 5	Concrete Caisson Work.....	137
Section 6	Concrete Block Work.....	137
Section 7	In-situ Installation Work.....	137
Section 8	Steel Sheet Pile Work.....	137
Section 9	Concrete Sheet Pile Work.....	138
Section 10	Armor Protection and Foot Protection Work.....	138
Section 11	Superstructure Work.....	138

Section 12	Wave-dissipating Work.....	138
Section 13	Ground Improvement on Land.....	138
Section 14	Earthwork.....	138
Section 15	Pavement Work.....	138
Section 16	Maintenance and Repair Work.....	138
Section 17	Demolition Work.....	138
Section 18	Temporary Work.....	138
Section 19	Miscellaneous Works.....	138
Chapter 4	Revetment, Quay Wall, Shallow Quay.....	139
Section 1	Scope.....	139
Section 2	Applicable Standards.....	139
Section 3	Marine Ground Improvement Work.....	139
Section 4	Foundation Work.....	139
Section 5	Concrete Caisson Work.....	139
Section 6	Concrete Block Work.....	139
Section 7	In-situ Installation Work.....	139
Section 8	Slope Protection Work.....	140
Section 9	Steel Sheet Pile Work.....	140
Section 10	Concrete Sheet Pile Work.....	140
Section 11	Steel Pile.....	140
Section 12	Concrete Pile Work.....	140
Section 13	Armor Protection and Foot Protection Work.....	140
Section 14	Superstructure Work.....	140
Section 15	Auxiliary Work.....	140
Section 16	Wave-dissipating Work.....	140

Section 17	Backfill and Soil Fill Work.....	140
Section 18	Ground Improvement on Land.....	140
Section 19	Earthwork.....	141
Section 20	Pavement Work.....	141
Section 21	Maintenance and Repair Work.....	141
Section 22	Demolition Work.....	141
Section 23	Temporary Work.....	141
Section 24	Miscellaneous Works.....	141
Chapter 5	Piled, Jetty and Mooring Pile.....	142
Section 1	Scope.....	142
Section 2	Applicable Standards.....	142
Section 3	Marine Ground Improvement Work.....	142
Section 4	Steel Pile Work.....	142
Section 5	Concrete Pile Work.....	142
Section 6	Superstructure Work.....	142
Section 7	Auxiliary Work.....	142
Section 8	Pavement Work.....	142
Section 9	Maintenance and Repair Work.....	143
Section 10	Demolition Work.....	143
Section 11	Miscellaneous Works.....	143
Chapter 6	Harbor Access Road.....	144
Section 1	Scope.....	144
Section 2	Applicable Standards.....	144
Section 3	Earthwork.....	144
Section 4	Access Road Pavement Work.....	144
6-4-1	General.....	144

6-4-2	Subgrade.....	144
6-4-3	Concrete Pavement.....	144
6-4-4	Asphalt Pavement.....	144
6-4-5	Auxiliary Road.....	144
Section 5	Landscape Work.....	145
6-5-1	General.....	145
6-5-2	Sod Planting Work.....	146

Part 3 Coast

Chapter 1	Levee (Embankment), Seawall, Revetment.....	149
Section 1	Scope.....	149
Section 2	Applicable Standards.....	149
Section 3	Marine Ground Improvement Work.....	149
Section 4	Foundation Work.....	149
Section 5	Concrete Caisson Work.....	149
Section 6	Concrete Block Work.....	149
Section 7	In-situ Installation Work.....	149
Section 8	Steel Sheet Pile Work.....	150
Section 9	Concrete Sheet Pile Work.....	150
Section 10	Armor Protection and Foot Protection Work.....	150
Section 11	Superstructure Work.....	150
Section 12	Wave-dissipating Work.....	150
Section 13	Backfill and Soil Fill Work.....	150
Section 14	Ground Improvement on Land.....	150
Section 15	Earthwork.....	150
Section 16	Pavement Work.....	150
Section 17	Maintenance and Repair Work.....	150
Section 18	Demolition Work.....	150

Section 19	Temporary Work.....	151
Section 20	Miscellaneous Works.....	151
Chapter 2	Jetty.....	152
Section 1	Scope.....	152
Section 2	Applicable Standards.....	152
Section 3	Marine Ground Improvement Work.....	152
Section 4	Foundation Work.....	152
Section 5	Concrete Caisson Work.....	152
Section 6	Concrete Block Work.....	152
Section 7	In-situ Installation Work.....	152
Section 8	Slope Protection Work.....	153
Section 9	Steel Sheet Pile Work.....	153
Section 10	Concrete Sheet Pile Work.....	153
Section 11	Steel Pile Work.....	153
Section 12	Concrete Pile Work.....	153
Section 13	Armor Protection and Foot Protection Work.....	153
Section 14	Superstructure Work.....	153
Section 15	Wave-dissipating Work.....	153
Section 16	Ground Improvement on Land.....	153
Section 17	Earthwork.....	153
Section 18	Pavement Work.....	153
Section 19	Maintenance and Repair Work.....	154
Section 20	Demolition Work.....	154
Section 21	Temporary Work.....	154
Section 22	Miscellaneous Works.....	154

Chapter 3	Detached Breakwater.....	155
Section 1	Scope.....	155
Section 2	Applicable Standards.....	155
Section 3	Marine Ground Improvement Work.....	155
Section 4	Foundation Work.....	155
Section 5	Concrete Caisson Work.....	155
Section 6	Concrete Block Work.....	155
Section 7	In-situ Installation Work.....	155
Section 8	Slope Protection Work.....	155
Section 9	Armor Protection and Foot Protection Work.....	156
Section 10	Superstructure Work.....	156
Section 11	Wave-dissipating Work.....	156
Section 12	Demolition Work.....	156
Chapter 4	Sluiceway and Water Gate (Lock).....	157
Section 1	Scope.....	157
Section 2	Applicable Standards.....	157
Section 3	Marine Ground Improvement Work.....	157
Section 4	Foundation Work.....	157
Section 5	Auxiliary Work.....	157
Section 6	Earthwork.....	157
Section 7	Maintenance and Repair Work.....	157
Section 8	Demolition Work.....	157
Section 9	Temporary Work.....	158
Section 10	Miscellaneous Works.....	158
Chapter 5	Artificial Nourishment.....	159
Section 1	Scope.....	159

Section 2	Applicable Standards.....	159
Section 3	Soil Dumping Work.....	159
Section 4	Earthwork.....	159
Appendix-1	Quality Control Criteria for Port and Harbor Works.....	161
Appendix-2	Sape Size Control Criteria for Port and Harbor Works.....	201
Appendix-3	Inspection Checklist for Construction Status	287
Appendix-4	JIS to ASTM Equivalent	293
