Part 1 General Provisions

Chapter 1	General Rules	3
Section 1	General rules	3
1-1-1	Scope	3
1-1-2	Definitions	3
1-1-3	Examination of design documents	8
1-1-4	Project execution plan	8
1-1-5	Preparation and registration of project records data	9
1-1-6	Supervisor	10
1-1-7	Use of working area	10
1-1-8	Start of project	10
1-1-9	Subcontract of work	11
1-1-10	Preparation of the log book for execution system and the project organization chart	11
1-1-11	Coordination among contractors concerned	12
1-1-12	Cooperation for investigation and tests	12
1-1-13	Suspension of project	13
1-1-14	Amendment to design documents	13
1-1-15	Change of contract period	13
1-1-16	Materials and leased properties supplied by owner	14
1-1-17	On-site generated materials	15
1-1-18	Project by-products	15
1-1-19	Inspection and witness by the Supervisor	16
1-1-20	Calculation of quantity and completion drawing	17
1-1-21	Inspection at project completion	17
1-1-22	Inspection and payment at partial completion	18
1-1-23	Use of partially completed facility	18
1-1-24	Project management	18
1-1-25	Progress report	20
1-1-26	Claims for actions against persons involved in the construction	20
1-1-27	Security during the construction	20
1-1-28	Prevention of explosions and fires	22
1-1-29	Cleanup	23
1-1-30	Reporting for accidents and disasters	23
1-1-31	Environmental protection measures	23
1-1-32	Conservation of cultural properties	25
1-1-33	Traffic safety management	25
1-1-34	Compliance with laws and Regulations	27
1-1-35	Procedures for public offices	29
1-1-36	Working hours	30
1-1-37	Construction Survey	30
1-1-38	Documents for submission	30
1-1-39	Loss and Damage	30

1-1-40	Patents to contract object.....	31
1-1-41	Insurance and compensation for accidents.....	31
1-1-42	Expedient measures.....	32
1-1-43	Originality and Ingenuity.....	32
1-1-44	Responsibility and obligation of contractor.....	32
1-1-45	Certification of principal engineer (The contractor's administrative engineer).....	32
1-1-46	Submission of contractor's written objection.....	33
1-1-47	Notes about airport civil works.....	33
Chapter 2	Materials.....	36
Section 1	Scope.....	36
Section 2	Quality and inspection of construction materials.....	36
Section 3	Soil.....	37
2-3-1	General.....	37
Section 4	Stones.....	37
2-4-1	Stones.....	37
2-4-2	Rubbles.....	37
2-4-3	Miscellaneous rubbles.....	38
2-4-4	Miscellaneous stones (rubble stones).....	38
2-4-5	Cobbles.....	38
2-4-6	Small rubbles.....	38
2-4-7	Other gravel, crushed stone and sand.....	38
Section 5	Aggregates.....	38
2-5-1	General.....	38
2-5-2	Aggregates for cement concrete.....	39
Section 6	Wood.....	40
2-6-1	General.....	40
Section 7	Steel.....	40
2-7-1	General.....	40
2-7-2	Rolled steels for structure.....	40
2-7-3	Light gauge steel.....	40
2-7-4	Steel pipes.....	41
2-7-5	Iron, cast steel and cast steel forgings.....	41
2-7-6	Steel for bolts.....	41
2-7-7	Welding materials.....	41
2-7-8	Steel wires.....	42
2-7-9	Wire ropes.....	42
2-7-10	Prestressing Steel.....	42
2-7-11	Wire meshes.....	42
2-7-12	Steel piles and steel sheet piles.....	42
2-7-13	Steel supports.....	42
2-7-14	Gabions.....	42

2-7-15	Corrugated pipes	43
2-7-16	Guard rails (for road shoulder and separation mediam)	43
2-7-17	Guard cables (for road shoulder and separation mediam)	43
2-7-18	Guard pipes (for sidewalk and road shoulder side)	43
2-7-19	Box beams (for separation mediam)	44
Section 8	Cement and admixtures	44
2-8-1	General	44
2-8-2	Cement	45
2-8-3	Admixtures	46
2-8-4	Water for concrete	47
Section 9	Cement concrete products	47
2-9-1	General	47
2-9-2	Cement concrete products	47
Section 10	Sodding grass	47
2-10-1	Sodding grass [zoysia matrella (Himekorai-shiba), zoysia tenuifolia (Korai-shiba), zoysia japonica (No-shiba), artificial turf]	47
Section 11	Joint materials	48
2-11-1	Poured Joint Sealant	48
2-11-2	Joint filler boards	48
Section 12	Paint	48
2-12-1	General	48
Section 13	Road signs	48
2-13-1	Road signs	48
2-13-2	Carriageway marking	50
Section 14	Others	50
2-14-1	Epoxy resin adhesives	50
2-14-2	Synthetic resin products	50
Chapter 3	Implementation of General Works	51
Section 1	Scope	51
Section 2	Common works	51
3-2-1	General	51
3-2-2	Materials	51
3-2-3	Preparatory earthwork (excavation for foundation and backfilling)	53
3-2-4	Grating crib work	54
3-2-5	Shotcrete work	56
3-2-6	Planting work	56
3-2-7	Curbstone work	59
3-2-8	Small-sign work	59
1.	Reflective sheets	59

2.	Processing and fabrication of materials	59
3.	Painting	59
4.	Galvanization	60
3-2-9	Roadside guard fence work	60
3-2-10	Shop painting	61
3-2-11	Concrete surface painting	63
Section 3	Foundation work	64
3-3-1	General	64
3-3-2	Cast-in-place pile work	64
Section 4	Stone / block pitching work	66
3-4-1	General	66
3-4-2	Preparatory earthwork (excavation for foundation / backfilling)	67
3-4-3	Concrete block work	67
3-4-4	Planting block work	68
3-4-5	Stone pitching work	69
Section 5	Removal of structures	69
3-5-1	General	69
3-5-2	Preparatory earthwork (excavation for foundation and backfilling)	69
3-5-3	Demolition of structures	69
3-5-4	Removal of road facilities	70
3-5-5	Removal of drainage structures	70
Chapter 4	Earthwork	71
Section 1	Scope	71
Section 2	Road earthwork	71
4-2-1	General	71
4-2-2	Excavation (cutting) work	73
4-2-3	Ground filling-up work	74
4-2-4	Subgrade embankment work	75
4-2-5	Slope shaping work	77
4-2-6	Surplus soil disposal work	78
Chapter 5	Plain Concrete and Reinforced Concrete	79
Section 1	Scope	79
Section 2	Applicable standards	79
Section 3	Ready-mixed concrete	80
5-3-1	General	80
5-3-2	Selection of plant	80
5-3-3	Mix proportion	81
5-3-4	Measurement of material and mixing	81

Section 4	Transportation and placement	83
5-4-1	General	83
5-4-2	Preparation	83
5-4-3	Transportation	83
5-4-4	Placement	83
5-4-5	Compaction	85
5-4-6	Measures against settlement cracking	85
5-4-7	Construction joint	85
5-4-8	Surface finishing	86
5-4-9	Curing	86
Section 5	Formwork and shoring	87
5-5-1	General	87
5-5-2	Structure	87
5-5-3	Assembly	87
5-5-4	Removal	88
Section 6	Reinforcement	88
5-6-1	General	88
5-6-2	Storage	88
5-6-3	Fabrication	89
5-6-4	Assembly	89
5-6-5	Joints	89
5-6-6	Gas pressure welding	90
Section 7	Special concrete	91
5-7-1	General	91
5-7-2	Materials	91
5-7-3	Hot weather concrete	91
5-7-4	Cold weather concrete	92

Part 2 Airport

Chapter 1	Land Development	97
Section 1	Scope	97
Section 2	Manufacturing work	97
1-2-1	General	97
1-2-2	Gate manufacturing work	97
1-2-3	Manufacturing of blast fences	97
Section 3	Airport earthworks	98
1-3-1	General	98
1.	Preparation work	98
2.	Drainage	98
3.	Clearing and grubbing	98
1-3-2	Materials	98
1-3-3	Excavation (earth cutting) work	99
1-3-4	Filled-up ground embankment work	99
1-3-5	Subgrade embankment work	100
1-3-6	Slope shaping work	100
Section 4	Ground improvement work	100
1-4-1	General	100
1-4-2	Materials	100
1.	Replacement	100
2.	Sand mat work	100
3.	Vertical drain work	101
4.	Loading	101
5.	Improvement through compacting	101
6.	Solidification work	101
1-4-3	Replacement	101
1-4-4	Sand mat work	102
1-4-5	Vertical drain work	102
1.	Sand drains / gravel drains	102
2.	Paper drains	102
3.	Loading	103
4.	Well points	103
1-4-6	Improvement through compacting	103
1.	Sand compaction pile	103
2.	Rod compaction pile	104
1-4-7	Solidification work	104
1.	Deep mixing stabilization method	104
Section 5	Sloping work	105
1-5-1	General	105
1-5-2	Materials	105
1-5-3	Planting work	105
1-5-4	Slope shotcrete work	105

1-5-5	Grating crib work	105
1-5-6	Precast grating crib work	105
Section 6	Stone / block pitching work	106
1-6-1	General.....	106
1-6-2	Materials.....	106
1-6-3	Preparatory earthwork (excavation for foundation, backfilling).....	106
1-6-4	Concrete block work.....	106
	1. Foundation work	106
	2. Block pitching work.....	106
1-6-5	Stone pitching work.....	107
Section 7	Retaining wall work	107
1-7-1	General.....	107
1-7-2	Materials.....	107
1-7-3	Preparatory earthwork (excavation for foundation, backfilling).....	107
1-7-4	Cast-in-place retaining wall work.....	107
Section 8	Culvert work.....	107
1-8-1	General.....	107
1-8-2	Materials.....	107
	1. Joint materials.....	107
1-8-3	Preparatory earthwork (excavation for foundation, backfilling).....	108
1-8-4	Cast-in-place culvert work.....	108
1-8-5	Precast culvert work.....	108
Section 9	Small channel work.....	108
1-9-1	General.....	108
1-9-2	Materials.....	108
	1. Foundation materials.....	108
	2. Concrete.....	108
	3. Pipe culverts.....	109
	4. Open channels, manholes, and covers.....	109
	5. Underground drainage pipes.....	109
	6. Filter materials.....	109
1-9-3	Preparatory earthwork (excavation for foundation, backfilling).....	110
1-9-4	Open channel work and ditch work.....	110
	1. Unsupported ditches.....	110
	2. U-shaped ditches (cast-in-place U-shaped ditches and precast U-shaped ditches).....	110
	3. Dish-shaped ditches.....	110
	4. L-shaped ditches.....	110
	5. Variable slope ditches.....	110
	6. Surplus soil disposal.....	110
1-9-5	Pipe culvert work.....	111
1-9-6	Discharge outlet work.....	111
1-9-7	Catch basin and manhole work.....	111
1-9-8	Groundwater drainage work.....	111

Section 10	Tree planting work	112
1-10-1	General	112
1-10-2	Materials	112
	1. Trees	112
	2. Posts	113
	3. Ground cover plants	113
	4. Fertilizers	113
	5. Borrow soil for planting purposes	114
1-10-3	Planting work	114
	1. Transportation and storage	114
	2. Sodding	114
	3. Stripped sodding	114
	4. Seeding work	114
	5. Vegetation block work	114
1-10-4	Planting work	115
	1. Digging out and transportation	115
	2. Planting	115
	3. Trunk wrapping	115
	4. Post work	115
	5. Others	116
	6. Transplanting	116
Section 11	Auxiliary facilities work	116
1-11-1	General	116
1-11-2	Materials	116
	1. Fence work	116
	2. Boundary pile work	117
1-11-3	Fence work	117
	1. Wooden fences	117
	2. Steel fences, FRP fences, and gates	117
1-11-4	Boundary pile work	117
Section 12	Blast fence work	118
1-12-1	General	118
1-12-2	Materials	118
1-12-3	Preparatory earthwork (excavation for foundation, backfilling)	118
1-12-4	Blast fence foundation work	118
1-12-5	Blast fence installation work	118
1-12-6	Painting work	118
Section 13	Cable duct work	118
1-13-1	General	118
1-13-2	Materials	118
1-13-3	Preparatory earthwork (excavation for foundation, backfilling)	119
1-13-4	Pipe work	119
1-13-5	Hand hole work	119
1-13-6	Manhole work	119

Section 14	Pile work and sheet pile work	119
1-14-1	General	119
1-14-2	Materials	119
	1. Manufacturing of combined sheet piles and deformed sheet piles	120
	2. Transportation and storage of steel piles	120
	3. Transportation and storage of steel sheet piles and steel pipe sheet piles	120
	4. Transportation and storage of concrete sheet piles	120
1-14-3	Placement of precast piles	120
	1. Steel piles	120
	2. Precast concrete piles	121
1-14-4	Sheet pile work	121
	1. Steel sheet piles and steel pipe sheet piles	121
	2. Concrete sheet piles	122
Section 15	Underwater concrete	122
1-15-1	General	122
1-15-2	Materials	122
1-15-3	Underwater concrete	122
Section 16	Ultra-rapid hardening concrete	123
1-16-1	General	123
1-16-2	Materials	123
1-16-3	Ultra-rapid hardening concrete	124
Section 17	Painting work	124
1-17-1	General	124
1-17-2	Shop painting work	124
1-17-3	Painting work of steel surfaces	124
	1. Surface preparation	124
	2. Painting	124
1-17-4	Painting work of concrete surfaces	126
1-17-5	On-site painting work	126
Section 18	Welding and cutting works	127
1-18-1	General	127
1-18-2	Materials	127
1-18-3	Welding work	127
	1. General	127
	2. Welding operations	127
1-18-4	Gas cutting work	128
	1. General	128
	2. Cutting operations	128
Section 19	Structures removal work	128
1-19-1	General	128
1-19-2	Preparatory earthwork (excavation for foundation, backfilling)	128
1-19-3	Demolition of structures	129
1-19-4	Demolition of pavement slabs	129

1-19-5	Removal of facilities	129
Chapter 2	Pavement of Basic Facilities	130
Section 1	Scope	130
Section 2	Factory manufacturing work	130
2-2-1	General	130
Section 3	Airport earthworks	130
2-3-1	General	130
2-3-2	Materials	130
2-3-3	Excavation (cutting) works	130
2-3-4	Filling-up works	130
Section 4	Airport pavement works	130
2-4-1	General	130
2-4-2	Materials concrete pavements	130
	1. Subgrade	131
	2. Filter layer	131
	3. Anti-frost layer	131
	4. Subbase	131
	5. Base course	132
	6. Cement stabilized base course	133
	7. Asphalt stabilized base course	135
	8. Asphalt intermediate course	136
	9. Recycled mechanically stabilized base course	137
	10. Recycled asphalt stabilized base course	137
	11. Concrete pavement	138
	12. Fine aggregates	138
	13. Coarse aggregates	139
	14. Admixtures	140
	15. Ready-mixed concrete	140
	16. Underlay paper	141
	17. Joint materials	141
	18. Pouring joint sealant	141
	19. Steel	142
	20. Storage of admixtures, joint materials and steel	142
	21. Mix proportion of site mixed concrete	142
	22. Concrete pavement construction in hot weather	143
	23. Concrete pavement construction in cold weather	143
	24. Prestressed concrete pavement and precast prestressed concrete pavement	143
	25. Sheath	144
	26. Prestressing grout	144
	27. Storage of materials	144
2-4-3	Asphalt pavement materials	145
	1. Subbase	145
	2. Base course	145
	3. Cement stabilized base course	145

	4. Asphalt stabilized base course.....	145
	5. Recycled mechanically stabilized base course.....	146
	6. Recycled asphalt stabilized base course.....	146
	7. Surface course and binder course.....	146
	8. Filler.....	148
	9. Hot mixed asphalt.....	148
	10. Recycled hot mixed asphalt.....	149
2-4-4	Concrete pavement work.....	149
	1. Subgrade work.....	149
	2. Filter layer.....	150
	3. Antifrost layer.....	151
	4. Subbase.....	151
	5. Base course.....	151
	6. Mechanically stabilized base course.....	151
	7. Cement stabilized base course.....	152
	8. Asphalt stabilized base course.....	152
	9. Concrete pavement.....	152
	10. General.....	152
	11. Concrete plant for job mixed concrete.....	152
	12. Formwork.....	153
	13. Laying of concrete.....	153
	14. Underlay paper and asphalt emulsion.....	154
	15. Transportation of concrete.....	154
	16. Reinforcing bars and wire meshes.....	154
	17. Spreading and compaction.....	154
	18. Finishing.....	155
	19. Joint.....	155
	20. Curing.....	156
	21. Hot weather concrete pavement.....	156
	22. General.....	156
	23. Laying of concrete.....	157
	24. Curing.....	157
	25. Cold weather concrete pavement.....	157
	26. General.....	157
	27. Laying of concrete.....	157
	28. Freezing.....	157
	29. Curing.....	157
2-4-5	Prestressed concrete pavement work.....	158
	1. Fabrication and assembly of prestressing steel.....	158
	2. Arrangement of sheaths and tendons.....	158
	3. Arrangement of anchor elements.....	159
	4. Prestressing operations.....	159
	5. Grouting in prestressed concrete.....	159
2-4-6	Precast prestressed concrete pavement work.....	160
	1. Manufacture of precast slabs.....	160
	2. Placement of precast slabs.....	160
	3. Joining of precast slabs.....	161
	4. Backfill grouting for precast slabs.....	161

5.	Transportation and storage of precast slabs	161
2-4-7	Asphalt pavement work	161
1.	Subgrade work	161
2.	Subbase	161
3.	Mechanically stabilized base course	161
4.	Cement stabilized base course	161
5.	Asphalt stabilized base course	161
6.	Recycled mechanically stabilized base course and recycled asphalt stabilized base course	165
7.	Surface course and binder course	165
2-4-8	Grooving work	165
Section 5	Airport marking work	166
2-5-1	General	166
2-5-2	Materials	166
2-5-3	Airport marking work	166
Section 6	Auxiliary facilities work	166
2-6-1	General	166
2-6-2	Materials	166
1.	Tie down ring	166
2.	Grounding	167
3.	Markings for tie down ring and grounding ring	167
2-6-3	Works for tie down ring and grounding ring	167
1.	Tie down ring work	167
2.	Grounding ring work	167
Chapter 3	Pavement	168
Section 1	Scope	168
Section 2	Manufacturing work	168
3-2-1	General	168
Section 3	Road earth work	168
3-3-1	General	168
3-3-2	Materials	168
3-3-3	Excavation (earth cutting) work	168
3-3-4	Ground filling-up work	168
Section 4	Pavement work	168
3-4-1	General	168
3-4-2	Materials	168
3-4-3	Asphalt pavement work	168
3-4-4	Concrete pavement work	169
Section 5	Road surface drainage work	169
3-5-1	General	169
3-5-2	Materials	169

3-5-3	Ditch work	169
3-5-4	Pipe work	169
3-5-5	Catch pit and manhole work	169
Section 6	Guard fence work	169
3-6-1	General	169
3-6-2	Materials	169
3-6-3	Roadside guard fence work	169
	1. Painting and galvanization	169
Section 7	Sign work	170
3-7-1	General	170
3-7-2	Materials	170
3-7-3	Small-sign work	171
	1. Painting	171
	2. Galvanization	171
	3. Installation	171
3-7-4	Large-sign work	171
Section 8	Auxiliary road facility work	171
3-8-1	General	171
3-8-2	Materials	171
3-8-3	Carriageway marking work	172
3-8-4	Curbstone work	172
	1. Blocks for borders between sidewalks and roadways, sight frontage border blocks, tree-planting blocks	172
	2. Asphalt curbstone	172
Chapter 4	Maintenance of Airport	173
Section 1	Scope	173
Section 2	Mowing	173
4-2-1	General	173
4-2-2	Materials	173
4-2-3	Mowing	173
Section 3	Cleaning	174
4-3-1	General	174
4-3-2	Materials	174
4-3-3	Cleaning of paved surfaces	175
	1. Mechanical cleaning	175
	2. Manual cleaning	175
	3. Transportation and disposal of waste	175
4-3-4	Removal of oil	175
4-3-5	Removal of rubber	175
4-3-6	Cleaning of drains	176
4-3-7	Cleaning of auxiliary road structures	176
4-3-8	Cleaning of underground passages	176

Section 4	Marking maintenance	177
4-4-1	General	177
4-4-2	Materials	177
4-4-3	Maintenance of airport markings	177
4-4-4	Maintenance of carriageway marking	178
Section 5	Maintenance of plants	178
4-5-1	General	178
4-5-2	Materials	179
4-5-3	Tree maintenance work	179
	1. Pruning	179
	2. Application of fertilizers	179
	3. Spraying of chemical agents (extermination)	179
	4. Irrigation	180
	5. Other maintenance works	180
Section 6	Emergency repair	180
4-6-1	General	180
4-6-2	Materials	181
4-6-3	Emergency repair	181
	1. Repair of concrete pavement	181
	2. Repair of asphalt pavement	181
Section 7	Snow removal	181
4-7-1	General	181
4-7-2	Materials	182
4-7-3	Snow removal	182
	1. Snow removal using snow sweepers	183
	2. Snow removal using snowplows	183
	3. Snow removal by transporting	183
	4. Removal of snow mounds	183
	5. Ice removal	183
	6. Road snow removal	184
4-7-4	Leased vehicles	184
4-7-5	Compensation for standby operations	184
Chapter 5	Repair of Airport	185
Section 1	Scope	185
Section 2	Site repair	185
5-2-1	General	185
5-2-2	Materials	185
5-2-3	Repair of planting	185
Section 3	Airport pavement repair	185
5-3-1	General	185
5-3-2	Materials	185
5-3-3	Repair of jointed concrete pavement	186

5-3-4	Repair of precast prestressed concrete pavement.....	187
5-3-5	Road surface cutting.....	188
5-3-6	Overlay work.....	188
5-3-7	Cutting and overlay work.....	188
5-3-8	Repair of asphalt pavement.....	189
5-3-9	Repair of semi-flexible pavement.....	189
5-3-10	Grooving work.....	190
Section 4	Pavement repair.....	190
5-4-1	General.....	190
5-4-2	Materials.....	190
5-4-3	Repair of asphalt pavement.....	190
5-4-4	Repair of semi-flexible pavement.....	190
5-4-5	Repair of jointed concrete pavement.....	190
5-4-6	Road surface cutting.....	190
5-4-7	Overlay work.....	190
5-4-8	Cutting and overlay work.....	191
Section 5	Structure repair.....	191
5-5-1	General.....	191
5-5-2	Materials.....	191
5-5-3	Preparatory earthwork (excavation for foundation, backfilling).....	192
5-5-4	Repair of cracking.....	192
5-5-5	Repair of joints.....	192
5-5-6	Repair of missing / failed portions.....	193
5-5-7	Repair of fences.....	193
5-5-8	Repair of blast fences.....	193
5-5-9	Repair of ditches.....	193
5-5-10	Repair of pipe culvert.....	194
5-5-11	Repair of catch pit / manhole.....	194
5-5-12	Repair of auxiliary facilities.....	195
5-5-13	Repair of painting.....	195

Appendix 1	Inspection List for Construction Status	ap1-1
Appendix 2	Management Criteria and Standard Values for Airport Civil Works	ap2-1
Chapter 1	General Rules	ap2-3
1.	Scope	ap2-3
2.	Composition	ap2-3
3.	Cost bearing	ap2-3
4.	Report	ap2-3
5.	Witness by the supervisor	ap2-3
6.	Standard values	ap2-3
7.	Construction schedule management	ap2-3
8.	Quality management	ap2-3
9.	As-built management	ap2-4
10.	Photograph management	ap2-4
Chapter 2	Management Criteria and Standard Values for Construction Works	ap2-7
Section 1	Quality management criteria and standard values	ap2-7
1.	Stone / block pitching work	ap2-7
2.	Plain concrete and reinforced concrete	ap2-7
3.	Earthwork	ap2-9
4.	Ground improvement work	ap2-10
5.	Sloping work	ap2-12
6.	Retaining wall work	ap2-13
7.	Culvert work	ap2-13
8.	Small channel work	ap2-13
9.	Tree planting work	ap2-13
10.	Auxiliary facility work and blast fence work	ap2-14
11.	Cable duct work	ap2-14
12.	Pile and sheet pile work	ap2-15
13.	Painting work	ap2-16
14.	Welding and cutting work	ap2-16
15.	Concrete pavement work	ap2-17
16.	Asphalt pavement work	ap2-25
17.	Airport markings and sign work	ap2-28
18.	Work for tie down rings and grounding rings	ap2-28
19.	Auxiliary road facility work	ap2-28
20.	Removal work of oil	ap2-28
21.	Maintenance work of airport markings	ap2-29
22.	Maintenance work of carriageway marking	ap2-29
23.	Tree maintenance work	ap2-29
24.	Repair work of joints	ap2-29
25.	Repair work of painting	ap2-29
Section 2	As-built management criteria and technical values	ap2-30
1.	Stone / blockpitching work	ap2-30
2.	Removal work of structures	ap2-30

3. Plain concrete and reinforced concrete.....	ap2-31
4. Earthwork	ap2-32
5. Ground improvement work	ap2-32
6. Sloping work	ap2-35
7. Retaining wall work	ap2-36
8. Culvert work	ap2-36
9. Small channel work	ap2-36
10. Tree planting work	ap2-37
11. Auxiliary facility work and blast fence work	ap2-37
12. Cable duct work	ap2-37
13. Pile and sheet pile work	ap2-38
14. Painting work	ap2-41
15. Welding and cutting work	ap2-42
16. Concrete pavement work	ap2-42
17. Asphalt pavement work	ap2-44
18. Grooving work	ap2-44
19. Airport markings and sign work	ap2-45
20. Work for tie down rings and grounding rings	ap2-46
21. Auxiliary road facility work	ap2-46
22. Mowing work	ap2-46
23. Cleaning work of paved surfaces	ap2-47
24. Removal work of oil	ap2-47
25. Removal work of rubber	ap2-47
26. Cleaning work of drains	ap2-47
27. Maintenance work of airport markings	ap2-47
28. Maintenance work of carriageway marking	ap2-48
29. Tree maintenance work	ap2-48
30. Repair work of joints	ap2-48
31. Repair work of painting	ap2-48

Appendix 3 Part 10 Regulation of Construction in the Restricted Area Part 11 Snow Removal Regulation

.....	ap3-1
Part 10 Regulation of Construction in the Restricted Area	ap3-3
Chapter 1 General	ap3-3
1. Purpose	ap3-3
2. Definitions	ap3-3
3. Scope	ap3-3
4. Responsibilities when performing construction	ap3-3
5. Adjustments relating to the entries, to the restricted area for the purpose of construction works	ap3-4
Chapter 2 Procedures Necessary for Flight Operational Restrictions	ap3-5
1. Classification of flight operational restrictions	ap3-5
2. Paperwork for flight operational restrictions	ap3-5

Chapter 3	Safety Measures Necessary for Performance of the Construction Works	ap3-7
1.	Construction information board and work site boundary sign	ap3-7
2.	Watch	ap3-7
3.	Safety measures for temporary facilities for the construction works and construction machinery	ap3-7
4.	Safety management system of the contractor	ap3-7
Chapter 4	Implementation Instruction on the Construction	ap3-8
1.	General	ap3-8
2.	The construction works on runways or in overrun areas	ap3-11
3.	The construction works on runway shoulders	ap3-11
4.	The construction works on landing strip (1)	ap3-11
5.	The construction works on landing strip (2) and in other areas adjacent thereto	ap3-11
6.	The construction works on taxiways or aprons	ap3-12
7.	The construction works on taxiway shoulders	ap3-12
8.	The construction works on taxiway strips or apron shoulders	ap3-12
9.	The construction works in other areas	ap3-12
Part 11	Snow Removal Regulation	ap3-21
Chapter 1	General Rules	ap3-21
1.	Purpose	ap3-21
2.	Implementation details	ap3-21
Chapter 2	Snow Removal Plan	ap3-22
1.	Establishment of a snow removal plan	ap3-22
2.	Cooperation with other agencies	ap3-22
Chapter 3	System of Snow Removal Implementation	ap3-23
1.	Fundamental system	ap3-23
2.	Information on snow removal	ap3-23
3.	Deciding a snow removal contractor	ap3-23
4.	Procedures, etc. necessary for the snow removal contractor to enter the restricted area	ap3-23
Chapter 4	Performance of Snow Removal	ap3-25
1.	The standard for the works	ap3-25
2.	Instruction on the works	ap3-25
Chapter 5	Completion of Snow Removal	ap3-26
Chapter 6	Snow Removal Procedure	ap3-27
1.	Stand-by for snow removal	ap3-27
2.	Commencement of the snow removal	ap3-27
3.	Procedures of snow removal	ap3-27

4. Adjustment of aircraft operating hours, etc. during snow removal ap3-27

5. Emergency evacuation during the snow removal ap3-27

Appendix 4 Comparison Table between JIS and ASTM..... ap4-1
